

DEVELOPMENT DIALOGUE MASTERPROGRAMME IN BIOMOLECULAR SCIENCES

To guarantee the quality of the programmes at VU University Amsterdam, the programmes are assessed once every six years by a panel of external experts. The final assessment of the programme is conducted by the Dutch Flemish Accreditation Organization (NVAO). In addition to the assessment, the panel of experts conducts a discussion with the programme in which possible developments and improvements are discussed. The programme was recently reviewed and the final assessment is positive.
