

RE-ACCREDITATION MASTERPROGRAMME IN MANAGEMENT, POLICY ANALYSIS AND ENTREPRENEURSHIP IN HEALTH & LIFE SCIENCES

To guarantee the quality of the programmes at VU University Amsterdam, the programmes are assessed once every six years by a panel of external experts. The final assessment of the programme is conducted by the Dutch Flemish Accreditation Organization (NVAO).

The masterprogramme in Management, Policy Analysis and Entrepreneurship in Health & Life Sciences was reviewed in July 2018 and the final assessment is positive. The programme received the assessment result 'good' on every standard. Amongst other things, the panel indicated that the programme has a clear profile and is unique in terms of its focus on the integration of social and natural sciences. The panel advised that assessment forms of research internships could be filled out more extensively.
